COMPANY'S HISTORY:

D. S. Infotech Pvt. Ltd. had been incorporated in the year 1998. The company is a brainchild of a group of die-hard professionals with proven track record. They had a dream of creating lingering footprints in the days to come for the industry and to those who choose quality of work to mere quantity. Their relentless effort towards error-free process has inspired many and will do so with many more to come.

It is an IT-es and Manpower solutions firm located at Kolkata (registered office). It provides true state-of-the-art, customer oriented, value added services at an absolutely industry competitive process. The company has extensive and continually updated expertise in real-time and on-line systems and offers a range of services to cater to all possible IT and non IT solutions of the clients from a single window. It also supplies manpower to the clients. At present about 200 people are under the company payroll.

It has started with 20 staffs and now its growing day by day, and it focuses on providing the best service and also welcome new ideas and innovative ideas.
